Asteria Air floor lamp

Specification sheet

Asteria Air

Floor lamp

Asteria Air Floor extends the slim, minimalist design of the Asteria Air collection into a floor-standing format. Its clean profile creates a refined presence in living rooms, reading areas and other spaces where functional light is needed without a visually heavy design.

The touch control on top of the lamp allows users to switch the light on and off, adjust brightness and choose between three colour temperature settings. This makes it possible to adapt the light to different activities and atmospheres, from warm, subdued lighting to clearer illumination. Available in five colours with a choice of plated brass or steel details.

Product type: Table lamp for indoor use
Designed by: Søren Ravn Christensen

Certified B Corporation
