Mass light NA5 Norm Architect 2012

Please read these instructions carefully and retain them for future reference to ensure that the product is used correctly. For your own safety, please study each step of this instruction manual first. &Tradition is not responsible for any faults or damages caused by not following these instructions correctly. Do not modify this product in any way.

Contents

- A Glass shade
- B Base with socket
- C Canopy with ceiling bracket
- D Connection box

Tools needed

- Bulb type G9
- Small flat-head screwdriver for wiring

Safety precautions

- Dispose of plastic bag from packaging and do not allow children to play with it.
- Keep product well out of children's reach.
- The lamp is only intended for interior use.
- Consult a professionally qualified electrician if in any doubt.
- Disconnect the electricity supply at the fuse box, before commencing work.

Cleaning instructions

- Wipe surface of the glass shade with a soft, damp sponge or cloth, and wipe immediately after with a dry cloth.
- Do not use any abrasive cleaning tools such as steel wool, scouring sponges or stiff brushes.
- Never use strong cleaning agents such as white spirit, turpentine, household glass cleaner or cellulose thinners.

For indoor use only
G9 maximum 40W
Bulb not included

Step 1

Ensure power supply is turned off and remove any existing lamp fitting.
Locate the supply cable and ensure it is ready to be fitted to the connector box.

Mount the metal bracket (C) securely in the ceiling with screws and wall plugs, appropriate for the ceiling of installation.

Step 2

Drill a hole into the side of the canopy and pull electric cord through it

Step 3

To determine the right suspension height for the lamp, pass the electrical cord through the strain relief of the metal bracket (C). When you have the desired suspension height of the lamp, tighten the plastic screw of the strain relief.

Step 4

Use the terminal box inside the connection box (D) to assemble the wires from the pendant with the wires from the power supply. Close the connection box and place it inside the canopy.

Step 5

Install the plastic canopy onto the metal bracket.

Step 6

Install the light bulb.

Step 7

Screw the glass shade (A) onto the socket.
