Collect | Glass & Carafe SC60-SC63

The drinking glasses and carafe are mouth blown, and then twisted to achieve the drilled surface which makes every single piece unique.

The product should be washed prior to use. Normal dishwasher liquid can be used and all items are dishwasher safe (max. 50°). Do not use any cleaning detergents with chemicals or harsh abrasives.

The glasses and carafe are not heat resistant. Do not pour hot liquid in.

For more severe cleaning, soaking the product overnight in water and vinegar is recommended.
