

APPLIQUE DE MARSEILLE

Le Corbusier

Applique de Marseille, designed by Le Corbusier in 1938/1939 for his Parisian flat in Rue Nungesser et Coli, provides direct and diffused light: two cone-shaped lampshades orient the light upwards and downwards, providing uniform and sharp light beams. The Mini version preserves the same allure in a compact version.

LED/HALO/FLUO

LAMPING

Source	E27
Total power	2x52W
