

TAKE AWAY is a portable light designed by Nahtrang, which is light, modern in style and small. In a fast - moving world with constant change and small spaces, we need objects to adapt to each moment and need. This indoor light is designed for this. It has a handle to make it easy to move around, with a wooden base to let it stand and a warm light that can be set at three intensities. It is also very easy to switch it on and off; you just need to gently press the diffusor according to the intensity you want. Since it is portable, it is charged with a mini USB cable and its autonomy depends on consumption: - 0'5W autonomy of 20 hours. - 1W autonomy of 10 hours. - 1'5W autonomy of 5 hours. Put it wherever you want: in the kids' bedroom to provide reading and playing light, in the entrance

General characteristics

Fixation	Table
Type	III
IP	20
voltage	5V DC
Switch type	Push
Type of load	DC5V-1A
included battery	Yes5h
Power	1,5W

Material

Body/Structure	ABS+Wood
Diffuser	TPU

Finish

Diffuser	White
----------	-------

Lighting characteristics

Light source included Yes

Temperature 2700K

LM 100lm

CRI >80

Dimmable light source Yes

Intensities 0,5w 30lm / 1w 55lm / 1,5w 100lm

Light direction Ambient lighting

Energy classification F

Driver

Requires Driver Yes
