

Acorn series

Designed by 365° North, Denmark

The Acorn lamps share an appealing, organic silhouette – inspired by the characteristic shape of an acorn. The floor lamp adds a striking design element to your interior, with a long suspension arm and foot in elegant travertine or concrete. The delicate lampshade gently diffuses light, and subtle details in FSC™-certified oak add a touch of warmth to the design.

Meet the designer

To me, design has to make sense. Shape, colour and choice of materials have to add up and make sense to each and every single design. Good design is functional, beautiful and easy to understand.
