Block Vase, Big - Dark Grey

Product Description

Rising like a pillar on the table, the Block Vase is a handmade ceramic vase which doubles as a bowl. Whether standing alone or styled with flowers or branches, the vase will demand attention in any interior setting. Simple and modern, yet honoring the architecture of the past. As it is a hand glazed natural product, the colours may vary slightly and while it is not 100% waterproof, a bag for fresh flowers is included.

Designer Description

Tommy Hyldahl and Nicolaj Nøddesbo intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Nicolaj, a Danish designer educated at the Aarhus School of Architecture, adds a sculptural precision to their shared vision. His work spans furniture, lighting, and objects, defined by innovation, tactility, and a serene minimalism. Each piece balances function and emotion, where form carries both presence and purpose.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Block Vase, Big - Dark Grey

Family Description Text

Poised on a tall cylindrical base, the Block Collection rises like a quiet monument to balance and form. A smooth half-sphere rests upon its pillar foundation, uniting strength and stillness in a single gesture. Though it echoes the language of a vase, Block exists beyond function, celebrating pure form and the dance of light and shadow. The curved bowl invites subtle adornment, beautifully complementing dried flower arrangements or sculptural compositions. Evoking the harmony of ancient structures reimagined through modern simplicity, Block commands presence in any interior.

Color Description

Hand-painted in a bold, charcoal-grey, this colour embodies strength and stillness. Its profound depth offers quiet sophistication, while brush stroke variations give the surface movement and individuality.

Maintenance Guide Description

Our hand-painted ceramic pieces are crafted as decorative objects, designed to age gracefully when cared for with gentleness.

The outer surface of our pieces is hand-painted and should be treated with the same reverence dust lightly with a soft, dry cloth, allowing the painted character to remain untouched. Water, harsh cleaners, or abrasives should never meet this surface, as they can disturb its delicate finish.

Vases are sealed within and may hold water for fresh flowers. Clean their interiors gently with lukewarm water, then dry carefully, taking care that no moisture touches the painted exterior.

To preserve their vibrancy, keep each piece away from prolonged sunlight and sudden shifts in temperature. With such mindful care, every ceramic piece will hold its artistry, warmth, and timeless presence for years to come.

Materials Description

Ceramic is one of the oldest and most enduring materials, celebrated for its strength, versatility, and timeless beauty. Shaped from natural clay and fired at high temperatures, it achieves a density and durability that make it ideal for both functional and decorative use. Its smooth surface provides the perfect canvas for craftsmanship.

Our ceramic is elevated through hand painting, where layers of pigment are carefully applied by skilled artisans. This process creates subtle variations in tone, texture, and detail, ensuring that no two pieces are ever alike. The result is a material that combines resilience with individuality practical enough for everyday use, yet refined enough to stand as an object of art.

Hand-painted ceramic embodies the harmony of nature, craft, and time: a surface that carries both the permanence of fired clay and the soulful presence of the human hand.
