ABOUT 101 COPENHAGEN

101 Copenhagen is a Danish design brand founded in 2017. With a vision to honor exquisite quality and craftsmanship, the collection encompasses furniture, lighting and accessories in a timeless, yet modern design. With a true passion for materials and refined textures, organic shapes and colours, 101 Copenhagen presents the epitome of classics and must-have novelties for Scandinavian and international interior connoisseurs alike.

OUR CREATIVE DRIVE

The design of 101 Copenhagen is firmly rooted in the Scandinavian soil and nourished by Japanese minimalist aesthetics. Sharing an emphasis on quality materials, techniques and traditions, the meeting between the North and the East is notable in the holistic collections of 101 Copenhagen. The design approach is dynamic and characterised by freedom of expression - creating unique and timeless pieces without compromising on playfulness and individuality.

OUR DESIGN TEAM

An attention to detail and a shared sense of aesthetics is what drives the two main designers of 101 Copenhagen, Tommy Hyldahl and Kristian Sofus Hansen. Merging their backgrounds and experiences from the fashion industry, the Royal Danish Academy of Fine Arts and travels in Japan respectively, a narrative of minimalist, sculptural and conceptual design is evident throughout the collections. Translating and transforming the simplistic inspiration from Japan in a Scandinavian context is all about honouring quality, heritage and materiality while never seizing to compromise on form and function. Trained as an architect, the third designer, Nicolaj Noddesbo, adds knowledge on innovative light solutions and timeless novelties to the 101 Copenhagen collections. 101 Copenhagen is a curated selection of tactile, bold objects standing out in a crowd and gathers as a whole.

**CONGRATULATIONS
ON YOUR NEW PRODUCT FROM
101 COPENHAGEN**

TO ASSEMBLE THE ARMS:

1. Remove the screw and carefully connect the tube.

2. Tighten the screw with a wrench

3. Gently screw the screen onto the chandelier arm.

4. Insert light bulb.

4. Unmount the screw from the small metal ring underneath the ceiling cup, then gently pull down the cable (Never pull the cable, while the screw is fastened in the cable). When the height is adjusted, please fasten the screw to the small metal ring underneath the ceiling cup. When adjusting the cable length always make sure that the cable is held straight and is not twisted as it can damage the fabric cable.
