

## Reflection series

Designed by Asger Risborg Jakobsen, Denmark

---

Born with the idea and aspiration to create something simple, elegant and timeless that embraces and highlights the basic features of a lamp, namely the light source and the shade, Reflection came to life. The designer behind, Asger Risborg Jakobsen, decided to bring forth and separate the two basic components from one another, giving a beautiful reflection and play between the shade and the soft light source. A beautiful design with a timeless and still lively feel.

### Meet the designer

The Danish designer and MD, Asger Risborg Jakobsen, is inspired by the simultaneous complexity and simplicity of nature. When he designs, he tries to break his ideas down to their essence; function, beauty, character and craftsmanship. In this search for the essence of objects he seeks to create long-lasting designs that reflect the beauty of the world they are a part of.
