Tommy Hyldahl

Drop Chandelier Globe - Burned Black (5m)

Product Description

The Drop Chandelier Globe introduces a captivating twist to its iconic design with the introduction of a sleek, globe-shaped metal lampshade.

Named after its lampshade, Drop Chandelier Globe is an ode to 80's geometric designs, emphasizing clean lines and effortlessly melds with any interior decor.

The versatility of the Drop Chandelier Globe extends beyond its aesthetic allure, thanks to its 14 adjustable metal arms. This ingenious feature allows for personal customization, empowering users to tailor the chandelier to their unique preferences and creative visions. Whether arranged symmetrically for a balanced look or asymmetrically for a dynamic effect, the possibilities for artistic expression are truly limitless.

Ideal for dining rooms, living areas, or entryways, the Drop Chandelier Globe combines striking design with practical illumination.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Drop Chandelier Globe - Burned Black (5m)

Family Description Text

The Drop Chandelier Globe reimagines an icon with the elegance of a perfectly sculpted aluminium sphere. Its globe-shaped lampshade is a luminous tribute to the bold geometry of the 1980s, where clean lines and striking simplicity defined a new era of design. Effortlessly versatile, it slips seamlessly into any interior, radiating both modern refinement and timeless allure.

At its heart lies a spirit of transformation. Fourteen adjustable metal arms extend like branches in motion, each one inviting endless possibilities of form and expression. Balanced in symmetry or alive with asymmetry, the chandelier becomes more than light. It becomes a canvas, shaped by imagination, tailored to space, and alive with sculptural energy.

Color Description

Burned Black is a deep, charcoal-black tone enriched with a subtle warm red undercurrent. Its matte powder-coated surface delivers a smooth, consistent appearance, while gentle tonal shifts emerge as light moves across it. Bold yet quietly warm, Burned Black brings depth, richness, and a refined architectural presence to any palette.

Drop Chandelier Globe - Burned Black (5m)

Maintenance Guide Description

Our lights crafted in powder coated aluminium are designed to offer lasting durability and a refined, contemporary finish. To preserve their beauty and ensure long-lasting performance, regular and gentle care is essential. The powder coated aluminium should be dusted regularly with a soft, dry microfiber cloth, and for deeper cleaning, a slightly damp cloth with mild, pH-neutral soap may be used, wiping gently to avoid compromising the coating. Avoid abrasive pads, acidic or alkaline solutions, solvents, or metal polishes, as these can dull, scratch, or damage the surface. Always switch off and unplug the light before cleaning, and prevent exposure to excessive humidity or direct water contact to protect both the coating and the internal electrical components. With simple, consistent care, the powder coated aluminium will maintain its elegant finish, ensuring your light remains beautiful and timeless for years to come.

Materials Description

Powder-coated aluminium reflects the balance of strength and refinement. Each piece is coated with precision, resulting in a smooth and uniform surface that emphasizes form and silhouette with clarity. The finish enhances durability while introducing a calm, tactile character that enriches the material's expression.
