Tommy Hyldahl

Geta Tray - Coffee

Product Description

The Geta Tray is inspired by Japanese decoration trays, where the platform is elevated above the table surface, highlighting a specific object or decoration piece. The name is a reference to the classic Japanese Geta shoes with two prongs. It is cast in solid fiber concrete to add a certain heaviness, while also creating a unique and refined texture.

Geta can be used for various decorative purposes or stand alone as a statement piece in itself. As it is a hand glazed natural product, the colours may vary slightly and it is not waterproof safe.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Product

Materials	Fiber Concrete	Net weight in kg	4.5
Item Height in cm	6.50	Space Suitability	Indoor
Item width in cm	18.00	Waterproof	No
Item length in cm	55.00	Gift Box	No
		Frostproof	

Family Description Text

Rooted in the quiet rituals of Japanese living, the Geta Tray reimagines the tradition of raised display platforms. By lifting objects above the surface, it draws the eye, creating a gentle stage where even the smallest piece is given presence.

Its name recalls the iconic Geta sandals, balanced on two prongs, a symbol of lightness and elevation. Much like its namesake, the tray suggests a pause between ground and object, a moment of stillness where appreciation takes form.

Designed to frame, highlight, or simply stand on its own, the Geta Tray transforms everyday settings into quiet statements of intention.

Color Description

Hand-painted in a deep, warm dark brown, this shade evokes the richness of earth and roasted beans. Its grounded elegance lends both warmth and depth, while brush stroke variations bring gentle shifts in tone and texture, making each piece entirely unique.

Maintenance Guide Description

Our hand-painted fiber concrete vases combine strength with artistry, designed for indoor use and crafted to be fully waterproof inside.

To care for the finish, dust the exterior gently with a soft, dry cloth. If deeper cleaning is needed, wipe carefully with a damp cloth and mild, pH-neutral soap, then dry immediately. Avoid abrasive pads, harsh chemicals, acidic or alkaline cleaners, and sharp objects, as these may damage the hand-painted surface.

The vases are waterproof within and can safely hold water for fresh flowers. After rinsing, dry gently and take care not to let excess water sit on the painted exterior, helping to preserve its finish over time.

With mindful care, each vase will retain its depth, warmth, and unique hand-painted character, becoming a lasting presence in your home.

Materials Description

Hand-painted fiber concrete combines strength with artistry, transforming an industrial material into a refined surface for pieces that enrich the home. Reinforced with fibers for durability, it offers resilience against everyday use while remaining lightweight and versatile. Each piece is painted by hand, creating subtle variations in tone and texture that make every surface unique.

The result is a finish that balances raw honesty with crafted detail, bringing depth, character, and individuality to contemporary interiors.
