## **Brutus Lounge Chair - Bone White**

Designed by

Kristian Sofus Hansen &  
Tommy Hyldahl

# Brutus Lounge Chair - Bone White

---

## Product Description

Inspired by the Brutalist architecture movement of the mid-20th century, the Brutus Lounge Chair is cast in lightweight fiber concrete creating a unique surface texture increasing mobility.

The Brutus lounge chair makes a striking impression in a living room, lounge, or reception area. Its bold architectural silhouette pairs effortlessly with soft furnishings, creating a dynamic balance between sculptural design and everyday function. Whether styled as a statement piece on its own or complemented with other elements from the Brutus collection, the table brings a refined Brutalist character to modern interiors.

Each piece is hand painted to create a textured, unique surface. Therefore subtle variations in the colour can be expected.

For indoor use.

## Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

## Family Description Text

Inspired by the Brutalist architecture movement of the mid-20th century, the Brutus collection embodies bold sculptural forms, architectural precision, and refined craftsmanship. Brutalism, known for its monumental structures, exposed materials, and emphasis on honesty of form, celebrated strength and functionality over ornamentation. The Brutus collection translates these principles into furniture, defined by the interplay of sharp lines and gentle curves, where strength meets softness to create designs that are both striking and inviting.

The series is offered in two expressions, each highlighting different qualities of the design. In fiber concrete, the collection features a distinctive hand-painted surface that gives every piece its own unique texture. The raw tactility enhances the sculptural presence of the furniture, while its form ensures mobility and flexibility in use. In wooden, the collection is reinterpreted to showcase organic warmth and timeless appeal. The natural grain is allowed to shine, evolving beautifully over time while reinforcing the balance between architectural strength and human comfort.

Together, the two expressions in fiber concrete and wooden capture the essence of Brutalism through contrasting qualities: one emphasizing raw, textured surfaces, the other highlighting natural warmth and refinement. Whether in fiber concrete or wood, the Brutus collection stands as a sculptural statement of design and craftsmanship, merging architectural clarity with inviting comfort.

## Color Description

Hand-painted in a clean, bone white, this shade combines purity with subtle warmth. Its quiet brightness brings clarity and softness, while brush stroke variations create delicate movement, making each piece distinct and full of character.

### Maintenance Guide Description

Hand-painted fiber concrete is strong and resilient, yet its artisanal finish requires thoughtful care. Dust surfaces regularly with a soft cloth, and for routine cleaning, use a damp cloth with mild, pH-neutral soap, then dry thoroughly. Avoid abrasive pads, solvents, or acidic and alkaline cleaners, as these can damage the hand-painted layer.

Always protect surfaces with coasters, mats, or felt pads to prevent scratches, stains, and heat marks. Wipe spills immediately to reduce the risk of absorption, and avoid prolonged exposure to standing water. To preserve its finish, keep furniture away from direct sunlight, high humidity, and extreme temperature changes.

With simple, mindful care, hand-painted fiber concrete furniture will maintain its unique character, depth, and elegance for years to come.

### Materials Description

Hand-painted fiber concrete combines strength with artistry, transforming an industrial material into a refined surface for pieces that enrich the home. Reinforced with fibers for durability, it offers resilience against everyday use while remaining lightweight and versatile. Each piece is painted by hand, creating subtle variations in tone and texture that make every surface unique.

The result is a finish that balances raw honesty with crafted detail, bringing depth, character, and individuality to contemporary interiors.
