Sculpt Art, Wave, Big - Dark Grey

Designed by

Kristian Sofus Hansen &
Tommy Hyldahl

Sculpt Art, Wave, Big - Dark Grey

Product Description

Sculpt Art is a relief for hanging on the wall for purely artistic purposes. The sculptural piece draws inspiration from brutalist architecture details, design history and the use of concrete as a material and surface in 1960s American Minimalist art.

The wall art is handmade from a sustainable concrete-like material of recycled newspapers, sand and chalk powder, combining artistic work with sustainable production methods.

The Sculpt wall art designs are available in various complementing shapes and can easily be hung alone or together on a wall with screws and brackets on the back.

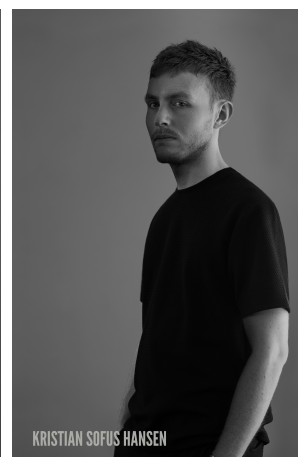

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

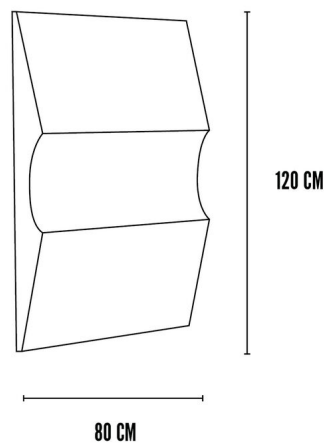

Sculpt Art, Wave, Big - Dark Grey

Family Description Text

The Sculpt Art Collection is born from a dialogue between architecture, art, and the quiet poetry of materials. Each relief is more than a wall piece; it is a fragment of story, a moment where structure becomes sculpture.

Inspired by the raw honesty of brutalist architecture and the timeless restraint of American Minimalist art from the 1960s, these works celebrate the beauty found in simplicity, the rhythm of shadow and form, the balance of strength and stillness.

Every piece is crafted by hand, shaped from an innovative, sustainable material made of recycled newspapers, sand, and chalk powder. This fusion of artistry and conscience gives new life to what was once discarded, transforming humble elements into enduring art.

The Sculpt Art Collection invites you to see beyond the surface, to feel the texture of history, the spirit of renewal, and the harmony between human intention and natural material.

Color Description

Hand-painted in a bold, charcoal-grey, this colour embodies strength and stillness. Its profound depth offers quiet sophistication, while brush stroke variations give the surface movement and individuality.

Sculpt Art, Wave, Big - Dark Grey

Maintenance Guide Description

Sustainable Paper Mass wall art is crafted from recycled paper, sand, and chalk powder, combining a concrete-like strength with a refined, artistic surface.

To care for the piece, dust gently with a soft, dry cloth or feather duster. Avoid water, harsh chemicals, or abrasive tools, as these may damage the surface. Keep the artwork away from prolonged direct sunlight, high humidity, or extreme temperatures to preserve its color, texture, and structure.

With mindful care, your wall art will maintain its depth, character, and sustainable beauty for years to come.

Materials Description

Sustainable Paper Mass is a concrete-like material made from recycled paper, sand, and chalk powder an innovative blend that unites artistic craftsmanship with responsible production methods. By reimagining simple, reclaimed ingredients, it transforms waste into strength, offering both durability and refined character.

Its surface carries the grounded presence of concrete while reflecting a commitment to sustainability and material innovation. Strong yet expressive, Sustainable Paper Mass embodies the balance of resilience, creativity, and environmental care designed to bring both beauty and conscience to contemporary living.
