Metrica floor lamp is the ideal lamp in the living area, it emits a diffused light in the environment by directing the light towards the wall avoiding direct glare. It is characterised by a polished black or white body with a height of 86.5 cm, resting on a polished white circular base. The 50 cm long LED light source is hidden inside the support that forms the base, it lights up as soon as it is extracted, gradually increasing in intensity until it reaches its maximum position.
