Shinju Tray, Big - Coffee

Product Description

The rectangular shape and depth of the Shinju tray Big, is ideal for different storage purposes, or as a decorative object with a branch or set of dry flowers.

Shinju, the Japanese word for Pearl, is a collection of trays carried on ceramic pearls. Differentiating in size and positioned sporadically, the pearls adds a certain lightness and becomes a jewellery-like detail.

The surface is glazed by hand in order to achieve a unique surface texture. Therefore, the colours may vary slightly.

Family Description Text

Shinju is the Japanese word for pearl, a symbol of purity and quiet beauty. In this collection, trays are carried on ceramic pearls, as if lifted by treasures from the sea. The pearls vary in size and appear almost by chance, creating a rhythm of lightness that feels like jewellery adorning a simple form.

The rectangular shape holds a quiet strength, while its depth invites both purpose and poetry. It can serve as a vessel for personal belongings, a stage for small arrangements of nature, or remain untouched, allowing its presence alone to fill a space.

Shinju is not only an object of function but also of reflection, a reminder that even the smallest details can elevate the everyday into something rare and precious.

Color Description

Hand-painted in a deep, warm dark brown, this shade evokes the richness of earth and roasted beans. Its grounded elegance lends both warmth and depth, while brush stroke variations bring gentle shifts in tone and texture, making each piece entirely unique.

Maintenance Guide Description

Our hand-painted ceramic pieces are crafted as decorative objects, designed to age gracefully when cared for with gentleness.

The outer surface of our pieces is hand-painted and should be treated with the same reverence dust lightly with a soft, dry cloth, allowing the painted character to remain untouched. Water, harsh cleaners, or abrasives should never meet this surface, as they can disturb its delicate finish.

Vases are sealed within and may hold water for fresh flowers. Clean their interiors gently with lukewarm water, then dry carefully, taking care that no moisture touches the painted exterior.

To preserve their vibrancy, keep each piece away from prolonged sunlight and sudden shifts in temperature. With such mindful care, every ceramic piece will hold its artistry, warmth, and timeless presence for years to come.

Materials Description

Ceramic is one of the oldest and most enduring materials, celebrated for its strength, versatility, and timeless beauty. Shaped from natural clay and fired at high temperatures, it achieves a density and durability that make it ideal for both functional and decorative use. Its smooth surface provides the perfect canvas for craftsmanship.

Our ceramic is elevated through hand painting, where layers of pigment are carefully applied by skilled artisans. This process creates subtle variations in tone, texture, and detail, ensuring that no two pieces are ever alike. The result is a material that combines resilience with individuality practical enough for everyday use, yet refined enough to stand as an object of art.

Hand-painted ceramic embodies the harmony of nature, craft, and time: a surface that carries both the permanence of fired clay and the soulful presence of the human hand.
