Curve Bowl, Big - Bone White

Product Description

Inspired by the arts and craft of ceramic, Curve Bowl emphasises the natural qualities and materiality of clay. Characterized by an intentionally uneven shape and surface, Curve is a beautiful organic design with a handmade touch.

Curve Bowl, Big - Bone White

Family Description Text

The Curve Series is born from the timeless craft of ceramics and celebrates the raw beauty of clay. Each piece feels as if a hand has pressed softly into the material, leaving behind curves and gentle irregularities that speak of touch and presence. With a quiet echo of traditional Japanese bowls, the series carries the spirit of wabi-sabi, finding beauty in imperfection and calm in the handmade. Generous in depth and sculptural in shape, the Curve pieces hold with purpose or stand gracefully on their own, transforming clay into forms both humble and extraordinary.

Color Description

Hand-painted in a clean, bone white, this shade combines purity with subtle warmth. Its quiet brightness brings clarity and softness, while brush stroke variations create delicate movement, making each piece distinct and full of character.

Maintenance Guide Description

Our hand-painted ceramic pieces are crafted as decorative objects, designed to age gracefully when cared for with gentleness.

The outer surface of our pieces is hand-painted and should be treated with the same reverence dust lightly with a soft, dry cloth, allowing the painted character to remain untouched. Water, harsh cleaners, or abrasives should never meet this surface, as they can disturb its delicate finish.

Vases are sealed within and may hold water for fresh flowers. Clean their interiors gently with lukewarm water, then dry carefully, taking care that no moisture touches the painted exterior.

To preserve their vibrancy, keep each piece away from prolonged sunlight and sudden shifts in temperature. With such mindful care, every ceramic piece will hold its artistry, warmth, and timeless presence for years to come.

Materials Description

Ceramic is one of the oldest and most enduring materials, celebrated for its strength, versatility, and timeless beauty. Shaped from natural clay and fired at high temperatures, it achieves a density and durability that make it ideal for both functional and decorative use. Its smooth surface provides the perfect canvas for craftsmanship.

Our ceramic is elevated through hand painting, where layers of pigment are carefully applied by skilled artisans. This process creates subtle variations in tone, texture, and detail, ensuring that no two pieces are ever alike. The result is a material that combines resilience with individuality practical enough for everyday use, yet refined enough to stand as an object of art.

Hand-painted ceramic embodies the harmony of nature, craft, and time: a surface that carries both the permanence of fired clay and the soulful presence of the human hand.
