Bloom Vase, Big - Black

Product Description

Inspired by floral shapes, the Bloom Vase emphasizes soft and organic shapes into a sculptural fiber concrete vase.

Elegantly sculpted, the vase is characterized by several flower leaves fading into each other, reminiscing the different stages of a flower from closed to open. The interplay of light and shadow dances across the vases' contours, giving them a dynamic quality that transforms throughout the day.

The Bloom Vase is an interpretation of 70s floral inspired design, but with a more raw and clean expression. The smoothly curved surface is contrasted by a strong underlying geometry and is enriched by a beautiful play of shadows around the depths of the surface.

Not only is the vase a striking standalone sculpture, it is also highly functional, as it's entirely waterproof and suited for fresh flowers, branches. Combined in groups with various Bloom Vase sizes or Bloom Trays for a sculptural arrangement or styled individually as a statement object.

The surface is hand glazed in order to achieve the unique surface texture. The colours may vary slightly, due to that it is a handmade product. As it is not fully waterproof, a protective bag for fresh flowers is included, allowing you to enjoy both its sculptural form and functional beauty.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Family Description Text

Inspired by floral shapes, Bloom emphasizes soft and organic forms in a collection of sculptural vases and trays. Elegantly sculpted, each piece is characterized by flower leaves fading into each other, reminiscent of the different stages of a bloom from closed to open. Bloom is an interpretation of 70s floral-inspired design, but with a more raw and clean expression. The smoothly curved surface is contrasted by a strong underlying geometry and enriched by a beautiful play of shadows around the depths of the form. Due to its expressive design, Bloom changes character throughout the day, depending on the position of light and shadows.

Color Description

A deep, pure black absolute in tone and endlessly bold. Its intensity creates powerful contrast while its timeless depth evokes elegance and clarity.

Bloom Vase, Big - Black

Maintenance Guide Description

Our hand-painted fiber concrete vases combine strength with artistry, designed for indoor use and crafted to be fully waterproof inside.

To care for the finish, dust the exterior gently with a soft, dry cloth. If deeper cleaning is needed, wipe carefully with a damp cloth and mild, pH-neutral soap, then dry immediately. Avoid abrasive pads, harsh chemicals, acidic or alkaline cleaners, and sharp objects, as these may damage the hand-painted surface.

The vases are waterproof within and can safely hold water for fresh flowers. After rinsing, dry gently and take care not to let excess water sit on the painted exterior, helping to preserve its finish over time.

With mindful care, each vase will retain its depth, warmth, and unique hand-painted character, becoming a lasting presence in your home.

Materials Description

Hand-painted fiber concrete combines strength with artistry, transforming an industrial material into a refined surface for pieces that enrich the home. Reinforced with fibers for durability, it offers resilience against everyday use while remaining lightweight and versatile. Each piece is painted by hand, creating subtle variations in tone and texture that make every surface unique.

The result is a finish that balances raw honesty with crafted detail, bringing depth, character, and individuality to contemporary interiors.
