The Toe Series is more than a collection of lounge furniture. It is an ode to the bold optimism of the 1970s space age, reimagined for contemporary living. Here furniture becomes sculpture and comfort becomes a form of architecture. Thick, fluted upholstery flows across seamless forms like a soft rhythm, shaping generous volumes that feel both expressive and serene.

Defined by rounded geometries and sculptural proportions, the series shares a unified language of tactile softness and effortless comfort. Seats and backrests are shaped from layers of premium foam, creating flowing contours that gently embrace the body while maintaining a strong architectural presence.

Most pieces express the purity of the upholstered form, including the Toe Ottoman, Toe Lounge, Toe Armchair and Toe Flat. The Toe Armrest Chair and Toe Sofa Armrest introduce a contrasting architectural element through solid oak armrests for indoor settings or teak for outdoor environments. Formed from thick planks and shaped like subtle wings, they provide natural support for the hand while also serving as a practical resting surface for everyday essentials.

Together the Toe Series transforms interiors into spaces of imagination where the spirit of futurism meets contemporary craftsmanship. More than seating, it is comfort shaped into sculpture and design distilled into poetry.

Color Description

Nude is the true natural beige tone of the hide, presented in its pure and authentic state. With its soft, velvety nubuck surface, this shade embodies raw simplicity and timeless elegance. Subtle and versatile, it provides a balanced foundation that pairs effortlessly with both warm and cool palettes.

Maintenance Guide Description

Nubuck is a natural leather with a velvety, matte surface that evolves gracefully with time. To maintain its softness and depth, brush the surface regularly with a soft nubuck brush to lift the nap and prevent dust or dirt from settling. Avoid contact with water, oils, or abrasive objects, as Nubuck is sensitive to staining and scratching.

In the event of spills, blot immediately with a clean, dry cloth--never rub, as this may push liquid deeper into the hide. For light marks, use a specialized nubuck cleaning block or brush; for more persistent stains, professional leather care is recommended.

To preserve its character, keep Nubuck upholstery away from direct sunlight and heat sources, which can cause fading or drying. With mindful care, Nubuck develops a rich, personal patina that enhances its natural elegance and individuality over the years.

Materials Description

Nubuck is leather at its most tactile, lightly sanded to reveal a velvety surface with a soft, matte finish. Its suede-like texture invites touch, while natural tonal variations and markings add depth and individuality. Sensitive to wear and environment, Nubuck evolves beautifully with time, developing a rich patina that reflects the intimacy of use and becomes uniquely personal.
