

PHANTOM TABLE LOW

Characterized by its intentional naive and hand-made expression, the Phantom table reveals its unique casting technique. The series is at once fragile, delicate, and bulky in its appearance. The Phantom coffee tables are available in two sizes: a tall version and a low version, both made of cast aluminum.

Choose between the hand-painted burned antique colour, with a raw and unpolished surface, emphasizing a warm subtle glow, or the polished aluminum variation in chrome finish with a shiny, mirror-like surface, offering a sleek and modern expression. Each variation retains the sophisticated and subtle expression that defines the Phantom series, making it a versatile choice for any interior.
