Tommy Hyldahl

Gallery Balls, Set of 3 - Chrome

Product Description

As the word indicates, Gallery Balls is all about curating objects in an artistic way. Gallery Balls come in three sizes and are made from ceramic with a chrome mirror finish. Reflecting their surroundings, Gallery Balls become a playful tool to decorate your interior.

Each ball beautifully captures and reflects light, creating dynamic visual effects. Whether arranged together as a striking centrepiece or dispersed throughout a room for subtle accents, Gallery Balls add a touch of modern elegance to any space.

Their versatile design complements a wide range of interior styles, from minimalist and contemporary to eclectic and traditional. Use them to elevate the aesthetic of a living room, bedroom, office, or place them in unexpected locations for a playful touch.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Gallery Balls, Set of 3 - Chrome

Family Description Text

As their name suggests, Gallery Balls are less objects than curated moments of reflection. Sculptural in form, each is a sphere of possibility, ceramic shaped and finished in mirrored chrome, drawing in their surroundings and offering them back transformed.

They catch light like a poem catches breath, sometimes dazzling, sometimes quiet, always shifting with the day. Clustered together, they compose a constellation, a centrepiece of luminous presence. Scattered through a space, they become whispers of playfulness, gentle interruptions of the ordinary.

Their essence is versatility, modern yet timeless, refined yet curious. Both decorative and sculptural, they belong as much to the minimalist home as to the eclectic interior, always bringing a subtle elevation, always inviting a second look.

Color Description

Chrome is a sleek, mirror-like silver with liquid clarity, polished to brilliance. It reflects its surroundings with sharp precision, evoking the clarity of liquid metal. Luminous and sophisticated, this finish embodies modernist purity and serves as both a striking highlight and a refined counterbalance to textured tones.

Gallery Balls, Set of 3 - Chrome

Maintenance Guide Description

Our chrome titanium-plated ceramic pieces are finished with a sleek, mirror-like surface infused with a subtle titanium tint. To preserve their luminous clarity and refined tone, gentle care is essential.

For routine cleaning, wipe with a soft, dry cloth. If needed, use a damp cloth with mild, pH-neutral soap, then dry immediately to avoid streaks or water marks. Avoid abrasive pads, sponges, or powders, which may scratch the plating and diminish its reflective brilliance. Harsh chemicals, solvents, or acidic cleaners should not be used, as they can compromise the finish.

Handle with care, avoiding sharp objects and hard impacts that may mark the plated surface. Keep pieces away from prolonged direct sunlight or extreme temperatures to maintain their subtle hue and polished depth.

With mindful care, chrome titanium-plated ceramic will retain its mirror-like brilliance and sophisticated character for years to come.

Materials Description

Chrome Titanium Plated Ceramic is a sleek, mirror-like finish that combines the strength of ceramic with the precision of hybrid plating. Its surface reflects with liquid clarity, while a subtle titanium undertone softens the sharp brilliance of pure chrome into a cooler, more sophisticated tone. The result is a luminous, refined material that balances high-gloss brilliance with understated elegance, making it ideal for luxury hardware, contemporary interiors, and high-end product finishes.
