Tommy Hyldahl

Bloom Vase, Mini - Bone White

Product Description

Inspired by floral shapes, the Bloom Vase emphasizes soft and organic shapes into a sculptural ceramic vase.

Elegantly sculpted, the vase is characterized by several flower leaves fading into each other, reminiscing the different stages of a flower from closed to open. The interplay of light and shadow dances across the vases' contours, giving them a dynamic quality that transforms throughout the day.

The Bloom Vase is an interpretation of 70s floral inspired design, but with a more raw and clean expression. The smoothly curved surface is contrasted by a strong underlying geometry and is enriched by a beautiful play of shadows around the depths of the surface.

Not only is the vase a striking standalone sculpture, it is also highly functional, as it's entirely waterproof and suited for fresh flowers, branches. Combined in groups with various Bloom Vase sizes or Bloom Trays for a sculptural arrangement or styled individually as a statement object.

The surface is hand glazed in order to achieve the unique surface texture. The colours may vary slightly, due to that it is a handmade product.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Bloom Vase, Mini - Bone White

Family Description Text

Inspired by floral shapes, Bloom emphasizes soft and organic forms in a collection of sculptural vases and trays. Elegantly sculpted, each piece is characterized by flower leaves fading into each other, reminiscent of the different stages of a bloom from closed to open. Bloom is an interpretation of 70s floral-inspired design, but with a more raw and clean expression. The smoothly curved surface is contrasted by a strong underlying geometry and enriched by a beautiful play of shadows around the depths of the form. Due to its expressive design, Bloom changes character throughout the day, depending on the position of light and shadows.

Color Description

Hand-painted in a clean, bone white, this shade combines purity with subtle warmth. Its quiet brightness brings clarity and softness, while brush stroke variations create delicate movement, making each piece distinct and full of character.

Bloom Vase, Mini - Bone White

Maintenance Guide Description

Our hand-painted ceramic pieces are crafted as decorative objects, designed to age gracefully when cared for with gentleness.

The outer surface of our pieces is hand-painted and should be treated with the same reverence dust lightly with a soft, dry cloth, allowing the painted character to remain untouched. Water, harsh cleaners, or abrasives should never meet this surface, as they can disturb its delicate finish.

Vases are sealed within and may hold water for fresh flowers. Clean their interiors gently with lukewarm water, then dry carefully, taking care that no moisture touches the painted exterior.

To preserve their vibrancy, keep each piece away from prolonged sunlight and sudden shifts in temperature. With such mindful care, every ceramic piece will hold its artistry, warmth, and timeless presence for years to come.

Materials Description

Ceramic is one of the oldest and most enduring materials, celebrated for its strength, versatility, and timeless beauty. Shaped from natural clay and fired at high temperatures, it achieves a density and durability that make it ideal for both functional and decorative use. Its smooth surface provides the perfect canvas for craftsmanship.

Our ceramic is elevated through hand painting, where layers of pigment are carefully applied by skilled artisans. This process creates subtle variations in tone, texture, and detail, ensuring that no two pieces are ever alike. The result is a material that combines resilience with individuality practical enough for everyday use, yet refined enough to stand as an object of art.

Hand-painted ceramic embodies the harmony of nature, craft, and time: a surface that carries both the permanence of fired clay and the soulful presence of the human hand.
