The Enkei Collection is a study of balance, where geometry meets the quiet poetry of stone. Carved from Silver Travertine, each piece carries the whispers of the earth with soft tonal shifts, intricate veins, and textures that ensure no two are ever the same. Minimal lines embrace organic detail, creating objects that feel both timeless and alive.

Every element is shaped with care, embodying durability, craftsmanship, and a sense of permanence. Jars become vessels for treasured moments, subtle accents that lend refinement to any setting. Trays unfold as gestures of artistry, their surfaces transforming simple acts of display and presentation into rituals of elegance. Crafted for dining and everyday use, they invite not only beauty but also function, elevating the serving of dishes into an experience of quiet refinement. The rectangular tray, with its precise form and flowing stone patterns, becomes a dialogue between order and nature, a stage where function and beauty coexist.

At its heart, Enkei is an ode to quiet sophistication, the serenity of natural stone, the integrity of handcraft, and the enduring beauty of restraint. These trays and jars are more than objects; they are quiet companions to daily life, designed to be cherished across generations.

Color Description

Silver Travertine is a natural colour defined by layered tones of silver-grey, taupe, and soft earthy undertones. The interplay of these shades creates depth, warmth, and a sense of quiet strength. Timeless and versatile, this colour bridges ancient character with contemporary elegance, offering a grounded yet refined presence in any setting.

Maintenance Guide Description

Silver Travertine is a natural stone, prized for its layered texture, subtle variations, and food-safe qualities. It can be enjoyed for both decorative purposes and serving. Clean regularly with a soft, damp cloth and mild, pH-neutral soap, then dry thoroughly to prevent water spots.

As travertine is porous, spills should be wiped away promptly to avoid staining, particularly from liquids such as wine, coffee, or oils. Avoid acidic or alkaline cleaners, vinegar, citrus, or abrasive pads, as these may etch or scratch the stone. For serving, use utensils with care and avoid cutting directly on the surface to preserve its finish.

With occasional sealing and mindful care, Silver Travertine will retain its natural depth, strength, and timeless beauty, enriching both everyday rituals and decorative settings.
