Sunao Plant Pot, Medio - Birch

Product Description

The Essence of Honest Simplicity

Inspired by the Japanese concept of "sunao," a quiet devotion to honesty and purity, this plant pots embodies a harmony between form and function. Its smooth, generous curves invite light to dance across a hand-glazed matte surface, in a soft, pale warmth of Birch.

With a smooth fiber concrete finish, the Sunao pot is at home both indoors and out, weathering seasons with grace. A gentle drainage hole, paired with a perfectly fitted saucer, nurtures the quiet rhythm of growth honouring both the plant and the space it inhabits. The Medio Sunao plant pot embraces medium sized plants and sculptural foliage, bringing balance and presence to any space, like a quiet pause in a lush landscape. Combine multiple Sunao plant pots and vases and create a layered, sculptural effect that highlights each pot's graceful curves while adding rhythm, balance, and a serene, cohesive vibe to any space.

Every plant pot is hand-glazed to achieve a soft, matte finish, carrying subtle, one-of-a-kind variations that stand as hallmarks of true craftsmanship. Inside, a waterproof glaze ensures functionality, allowing roots to rest in harmony with their vessel while supporting the vibrant growth of the plant.

Family Description Text

In Japanese, Sunao means honesty. It is a word that holds more than truthfulness; it carries the spirit of living with clarity, humility, and respect for the natural world. The Sunao Collection is born from this philosophy, an exploration of how simple forms and honest materials can create vessels that feel both timeless and alive.

The inspiration lies in the dialogue between nature and craft. Each vase and plant pot is shaped to frame what it holds, yet never overshadows it. The smooth surface speaks of calm refinement, like the stillness of a quiet morning, while the Beehive texture, cast from shoreline shellfish, celebrates imperfection, rhythm, and the raw poetry of nature.

Every piece is hand painted, carrying subtle variations that make it one of a kind, echoing the Japanese belief that beauty is found in uniqueness and quiet detail. Just as no leaf, branch, or wave is ever identical, no Sunao vessel is the same.

Whether standing with flowers, branches, or greenery, or existing in sculptural silence, Sunao becomes more than an object. It is a companion to daily life, a reminder of honesty in design and in living, where simplicity allows nature to take centre stage.

Color Description

Hand-painted in a bright, pale natural beige with a whisper of warmth, Birch reflects the gentle tone of fresh wood. Its light and airy presence brings softness and calm, while variations in brush strokes lend natural depth, ensuring each piece is uniquely alive.

Maintenance Guide Description

Our hand-painted ceramic plant pots are created to bring strength and character to both indoor and outdoor spaces. Resistant to rain, they stand gracefully through the seasons, though they are not frost-proof. In winter, we recommend bringing them indoors or protecting them with a waterproof cover to safeguard their surface from damage.

To care for the finish, dust gently with a soft, dry cloth. When deeper cleaning is needed, use a damp cloth with mild, pH-neutral soap, then dry carefully. Avoid abrasive pads, harsh chemicals, or acidic cleaners, as well as sharp objects, which may mark or disturb the painted surface.

Each pot is paired with a matching saucer, making them as practical as they are refined. With attentive care and thoughtful protection, your plant pots will hold their depth, warmth, and unique hand-painted presence for years to come.

Materials Description

Ceramic is one of the oldest and most enduring materials, celebrated for its strength, versatility, and timeless beauty. Shaped from natural clay and fired at high temperatures, it achieves a density and durability that make it ideal for both functional and decorative use. Its smooth surface provides the perfect canvas for craftsmanship.

Our ceramic is elevated through hand painting, where layers of pigment are carefully applied by skilled artisans. This process creates subtle variations in tone, texture, and detail, ensuring that no two pieces are ever alike. The result is a material that combines resilience with individuality practical enough for everyday use, yet refined enough to stand as an object of art.

Hand-painted ceramic embodies the harmony of nature, craft, and time: a surface that carries both the permanence of fired clay and the soulful presence of the human hand.
