Maintenance Guide Description

Our lamps finished in Chrome (Cr III) are crafted to reflect light with a mirror-like brilliance. To preserve this clarity and ensure lasting quality, regular and gentle care is essential. The surface should be wiped with a soft, dry microfiber cloth to remove dust and fingerprints, and for deeper cleaning a slightly damp cloth with mild, pH-neutral soap may be used, followed by immediate drying with a clean, lint-free cloth. Avoid abrasive pads, acidic solutions, ammonia-based cleaners, or strong detergents, as these can scratch the surface or dull its mirrored finish. Always switch off and unplug the lamp before cleaning, and keep it away from high humidity or direct water contact. With simple, consistent care, the Chrome (Cr III) finish will maintain its liquid-metal clarity and sleek, modern presence, ensuring your lamp remains striking and timeless for years to come.

Materials Description

Hand-brushed plated aluminium reflects the meeting of craftsmanship and time. Each piece is plated and then brushed by hand, creating subtle variations in tone and texture that make every object unique. A final matte coating softens the sheen into a silky finish, enhancing the surface with quiet movement and depth.
