Tommy Hyldahl

Pearl Pendant - Chrome

Product Description

A poetic balance of tradition and modern design, the Pearl Pendant - Chrome is a luminous tribute to the timeless beauty of Japanese lanterns.

Softly glowing from within, the opal glass orb is partially embraced by a delicately perforated metal screen, casting intricate patterns of light and shadow that shift with every turn. Finished in polished Chrome, the screen reflects its surroundings with mirror-like clarity, adding a crisp, luminous contrast to the soft glow of the opal glass. The reflective surface enhances the interplay of light and shadow, lending the pendant a refined, modern presence. With its fluid adaptability, the rotating screen allows you to shape the ambiance, creating a lighting experience that feels both intimate and sculptural.

Suspended within a sleek, sculptural frame, the pendant appears almost weightless—an elegant dialogue between material, reflection, and light. Meticulously crafted from plated metal and hand-brushed to perfection, the Chrome finish embodies modernist purity, balancing brilliance with quiet sophistication.

Ideal above dining tables, in entryways, or as a statement piece in contemporary interiors, the Pearl Pendant - Chrome delivers a clean, atmospheric glow while adding clarity, elegance, and sculptural refinement to the space.

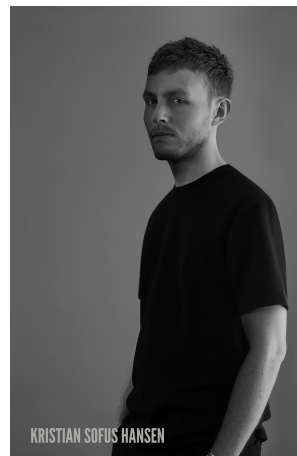

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

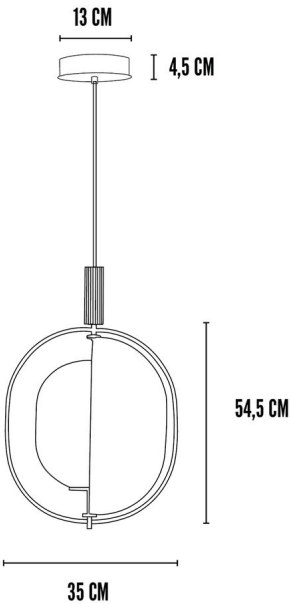

Pearl Pendant - Chrome

Family Description Text

A poetic balance of tradition and modern design, Pearl is a luminous tribute to the timeless beauty of Japanese lanterns. Softly glowing from within, the opal glass orb is partially embraced by a delicately perforated aluminium screen, casting intricate patterns of light and shadow that shift with every turn. With its fluid adaptability, the rotating screen allows you to shape the ambiance, creating a lighting experience that feels both intimate and artistic. Suspended within a sleek, sculptural frame, Pearl appears almost weightless an elegant interplay of material and light. Meticulously crafted from plated metal and hand-brushed to perfection, Pearl is available as both a pendant and floor lamp, bringing a sense of warmth, harmony, and quiet sophistication to any space.

Color Description

Chrome is a sleek, mirror-like silver with liquid clarity, polished to brilliance. It reflects its surroundings with sharp precision, evoking the clarity of liquid metal. Luminous and sophisticated, this finish embodies modernist purity and serves as both a striking highlight and a refined counterbalance to textured tones.

Maintenance Guide Description

Our lamps crafted from chrome-plated perforated aluminium require gentle, consistent care to preserve their refined shine and long-lasting quality. Dust the surface regularly with a soft, dry microfiber cloth, and use a soft brush to lift particles from the perforations without applying pressure. Avoid using water on perforated chrome surfaces, as moisture may settle inside the holes and leave chalky marks or water spots. For occasional deeper cleaning, lightly wipe only the smooth exterior areas with a slightly damp cloth and mild, pH-neutral soap, keeping moisture away from perforations, and dry immediately with a clean, lint-free cloth. Do not use abrasive pads, harsh detergents, acidic cleaners, or metal polishes, as these can scratch or dull the chrome finish. Always switch off and unplug the lamp before cleaning. With simple, attentive care, the lamp's perforated chrome surface will maintain its luminous character and crafted elegance for years to come.

Materials Description

The chrome finish combines technical precision with modernist clarity. Using Decorative Trivalent Chrome Plating (Cr III) on aluminium, the surface is polished to a mirrored brilliance that reflects its surroundings with sharp precision. Sleek and striking, it serves as a counterbalance to textured finishes, capturing light and form like liquid metal while embodying the clean lines of contemporary design.
