Big Foot Stool - Stone Gray

Product Description

The Big Foot Collection is a sculptural language of bold forms and quiet strength. Inspired by brutalist architecture and the expressive spirit of the 1970s, its iconic cylindrical legs give each piece a sense of grounded monumentality while maintaining a modern, inviting presence.

The Big Foot Stool translates this distinctive design into a compact yet striking form. Upholstered in Sunproof fabric made from 100% Olefin, it is designed to endure outdoor living while maintaining a refined, tactile softness. Exceptionally resistant to fading and treated with a water-repellent finish, the performance textile withstands sun, rain, and everyday use with ease, while blocking more than 97% of harmful UV rays.

Finished in Stone Gray, a soft muted grey with subtle green and brown undertones, the stool carries the natural calm of weathered stone. The balanced tone enhances the sculptural silhouette while remaining versatile enough to complement a wide range of outdoor palettes.

Equally suited as a footrest, an extra seat, or a small side element, the Big Foot Stool adapts effortlessly to outdoor lounges, terraces, and garden settings. Its bold cylindrical legs create a sculptural focal point while the compact scale allows it to move easily between spaces.

Family Description Text

The Big Foot Collection is more than furniture; it is a sculptural language of bold forms and quiet strength. Rooted in the spirit of the 1970s yet reimagined for the present, it carries a presence that feels both commanding and inviting. Inspired by brutalist architecture and contemporary sculpture, each piece is anchored by its iconic cylindrical legs, modern in expression and timeless in character, lending every design a sense of quiet monumentality.

Within the collection, two worlds converge: the warmth of upholstery and the raw allure of fiber concrete. The upholstered pieces wrap their geometric silhouettes in softness, balancing resilience with comfort and offering a tactile invitation to pause, sink in, and stay. The fiber concrete designs, by contrast, suggest weight and permanence yet reveal themselves as astonishingly light, effortless to move, and full of surprising ease.

Every surface whispers a story. Upholstered in rich textiles, the pieces exude warmth and refinement, while the hand-painted concrete reveals a raw beauty that recalls the poetry of architecture and the fluid grace of sculpture. Together they speak in contrasts of softness and strength, permanence and change, intimacy and bold expression, woven into a harmonious dialogue of form and feeling.

The Big Foot Collection is sculpture for living. Each piece holds a commanding presence, whether standing as a centrepiece or quietly shaping the atmosphere of a room. With bold forms and hand-painted details, the collection transforms everyday function into art, turning spaces into sanctuaries where design and life merge seamlessly.

Color Description

Stone Gray is a soft, muted gray with gentle green and brown undertones that give it a warm, natural character. Reminiscent of weathered stone and dried olive leaves, this shade feels both modern and organic. Its balanced tone makes it versatile and timeless, bringing a sense of calm sophistication to any palette or space.

Maintenance Guide Description

Sunproof upholstery is crafted for long-lasting comfort and resilience in outdoor environments. To preserve its beauty, vacuum or brush the fabric regularly to remove dust, pollen, and loose dirt. Spills should be blotted immediately with a clean, dry cloth; for most marks, rinsing with fresh water is enough.

For deeper cleaning, wash with a mild soap solution and lukewarm water using a soft sponge or cloth, then rinse thoroughly to prevent residue. Always allow the fabric to air-dry naturally avoid tumble drying, heat, or harsh chemicals such as bleach, which can damage the fibers and protective finish.

When furniture is not in use for extended periods, cover or store it in a dry, ventilated area to extend its life. With simple care, Sunproof upholstery will retain its vibrant color, soft texture, and high-performance qualities for many seasons outdoors.
