Sunao Plant Pot Ellipse, Giant - Birch

Product Description

In Japanese, Sunao means honesty. It is a word that carries the spirit of living with clarity, humility, and respect for the natural world. The Sunao Collection is born from this philosophy, an exploration of how simple forms and honest materials can create vessels that feel both timeless and alive.

The inspiration lies in the dialogue between nature and craft. The Sunao Plant Pot Ellipse, Giant is shaped to frame what it holds without ever overshadowing it. Its smooth elliptical form creates a calm architectural presence, while the generous scale gives the piece a sculptural weight that feels both grounded and refined.

Crafted in hand-painted fiber concrete, the plant pot balances durability with artistry. The surface reveals subtle variations in tone and texture created by the hand-painted Birch finish, ensuring that each piece carries its own individuality. Hand-painted in Birch, a bright, pale natural beige with a whisper of warmth, Birch reflects the gentle tone of fresh wood. Its light and airy presence brings softness and calm, while variations in brush strokes lend natural depth, enhancing the sculptural form with quiet elegance.

Whether filled with large greenery, sculptural branches, or standing alone, the Sunao Plant Pot Ellipse, Giant brings quiet monumentality to indoor and outdoor spaces alike. Ideal for terraces, spacious living areas, entryways, or hospitality settings, its elongated form introduces rhythm, balance, and calm sophistication to the environment.

Each piece is hand painted, carrying subtle variations that make it one of a kind, echoing the Japanese belief that beauty is found in uniqueness and quiet detail.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Family Description Text

In Japanese, Sunao means honesty. It is a word that holds more than truthfulness; it carries the spirit of living with clarity, humility, and respect for the natural world. The Sunao Collection is born from this philosophy, an exploration of how simple forms and honest materials can create vessels that feel both timeless and alive.

The inspiration lies in the dialogue between nature and craft. Each vase and plant pot is shaped to frame what it holds, yet never overshadows it. The smooth surface speaks of calm refinement, like the stillness of a quiet morning, while the Beehive texture, cast from shoreline shellfish, celebrates imperfection, rhythm, and the raw poetry of nature.

Every piece is hand painted, carrying subtle variations that make it one of a kind, echoing the Japanese belief that beauty is found in uniqueness and quiet detail. Just as no leaf, branch, or wave is ever identical, no Sunao vessel is the same.

Whether standing with flowers, branches, or greenery, or existing in sculptural silence, Sunao becomes more than an object. It is a companion to daily life, a reminder of honesty in design and in living, where simplicity allows nature to take centre stage.

Color Description

Hand-painted in a bright, pale natural beige with a whisper of warmth, Birch reflects the gentle tone of fresh wood. Its light and airy presence brings softness and calm, while variations in brush strokes lend natural depth, ensuring each piece is uniquely alive.

Maintenance Guide Description

Our hand-painted fiber concrete plant pots are created to bring strength and character to both indoor and outdoor spaces. Resistant to rain, they stand gracefully through the seasons, though they are not frost-proof. In winter, we recommend bringing them indoors or protecting them with a waterproof cover to safeguard their surface from damage.

To care for the finish, dust gently with a soft, dry cloth. When deeper cleaning is needed, use a damp cloth with mild, pH-neutral soap, then dry carefully. Avoid abrasive pads, harsh chemicals, or acidic cleaners, as well as sharp objects, which may mark or disturb the painted surface.

Each pot is paired with a matching saucer, making them as practical as they are refined. With attentive care and thoughtful protection, your plant pots will hold their depth, warmth, and unique hand-painted presence for years to come.

Materials Description

Hand-painted fiber concrete combines strength with artistry, transforming an industrial material into a refined surface for pieces that enrich the home. Reinforced with fibers for durability, it offers resilience against everyday use while remaining lightweight and versatile. Each piece is painted by hand, creating subtle variations in tone and texture that make every surface unique.

The result is a finish that balances raw honesty with crafted detail, bringing depth, character, and individuality to contemporary interiors.
