Sunao Vase, Mini - Rose

Product Description

In Japanese, Sunao means honesty. It is a word that holds more than truthfulness; it carries the spirit of living with clarity, humility, and respect for the natural world. The Sunao Vase, Mini expresses this philosophy through softness, balance, and restrained beauty.

The inspiration lies in the dialogue between nature and craft. With its smooth ceramic surface and gentle form, the vase frames its contents with calm clarity. The simplicity of the design allows subtle colour and proportion to speak without excess.

The Rose finish introduces a whisper-soft, pale pink, reminiscent of a lotus petal touched by early light. Nearly neutral, the tone feels airy and serene, offering warmth without brightness and a refined softness that settles naturally into its surroundings.

Crafted from hand-painted ceramic, each piece carries delicate variations that make it truly one of a kind. These quiet differences celebrate the human hand and the timeless beauty of natural imperfection.

The size is perfect for small surfaces where softness is desired, from bedside tables to shelves or grouped displays. Whether holding a single stem or standing alone, it brings tranquility and subtle elegance to the space.

Each vase is a hand-glazed, natural creation, resulting in a textured and unique surface with subtle variations in colour.

Family Description Text

In Japanese, Sunao means honesty. It is a word that holds more than truthfulness; it carries the spirit of living with clarity, humility, and respect for the natural world. The Sunao Collection is born from this philosophy, an exploration of how simple forms and honest materials can create vessels that feel both timeless and alive.

The inspiration lies in the dialogue between nature and craft. Each vase and plant pot is shaped to frame what it holds, yet never overshadows it. The smooth surface speaks of calm refinement, like the stillness of a quiet morning, while the Beehive texture, cast from shoreline shellfish, celebrates imperfection, rhythm, and the raw poetry of nature.

Every piece is hand painted, carrying subtle variations that make it one of a kind, echoing the Japanese belief that beauty is found in uniqueness and quiet detail. Just as no leaf, branch, or wave is ever identical, no Sunao vessel is the same.

Whether standing with flowers, branches, or greenery, or existing in sculptural silence, Sunao becomes more than an object. It is a companion to daily life, a reminder of honesty in design and in living, where simplicity allows nature to take centre stage.

Color Description

Rose is a very pale, whisper soft pink that holds the quiet elegance of a lotus petal touched by early light. The color feels gently time worn, a blush softened to near neutral that offers warmth without brightness and calm without coolness. Its lotus like presence gives it a serene, almost meditative quality. The shade feels translucent and airy, as if illuminated from within by a soft, diffused glow. This creates a powdery, understated softness that brings both tranquility and subtle sophistication to any setting. As a near neutral, Rose adds warmth with restraint, settling gently into its surroundings while still offering a refined hint of color. It pairs naturally with soft greys, warm whites, muted taupes, and gentle greens, creating spaces and designs that feel peaceful, light, and elegantly balanced.

Maintenance Guide Description

Our hand-painted ceramic pieces are crafted as decorative objects, designed to age gracefully when cared for with gentleness.

The outer surface of our pieces is hand-painted and should be treated with the same reverence dust lightly with a soft, dry cloth, allowing the painted character to remain untouched. Water, harsh cleaners, or abrasives should never meet this surface, as they can disturb its delicate finish.

Vases are sealed within and may hold water for fresh flowers. Clean their interiors gently with lukewarm water, then dry carefully, taking care that no moisture touches the painted exterior.

To preserve their vibrancy, keep each piece away from prolonged sunlight and sudden shifts in temperature. With such mindful care, every ceramic piece will hold its artistry, warmth, and timeless presence for years to come.

Materials Description

Ceramic is one of the oldest and most enduring materials, celebrated for its strength, versatility, and timeless beauty. Shaped from natural clay and fired at high temperatures, it achieves a density and durability that make it ideal for both functional and decorative use. Its smooth surface provides the perfect canvas for craftsmanship.

Our ceramic is elevated through hand painting, where layers of pigment are carefully applied by skilled artisans. This process creates subtle variations in tone, texture, and detail, ensuring that no two pieces are ever alike. The result is a material that combines resilience with individuality practical enough for everyday use, yet refined enough to stand as an object of art.

Hand-painted ceramic embodies the harmony of nature, craft, and time: a surface that carries both the permanence of fired clay and the soulful presence of the human hand.
