Head Sculpture, Mini - Silver Travertine

Product Description

Inspired by the quiet beauty of simplicity, the Head Sculpture, Mini is reduced to its purest form, where soft curves and subtle proportions evoke the abstract silhouette of a neck and head without revealing any facial features. Its minimal expression invites interpretation and reflection, allowing the sculpture to exist as a calm and timeless presence within a space.

Crafted in refined Silver Travertine from the heart of Iran, each piece celebrates the natural depth and character of stone through delicate tonal variations, organic markings, and a tactile matte surface shaped patiently by nature over time. The muted silver-grey hues enhance the serene and sculptural quality of the form, allowing the material to reveal its quiet authenticity and warmth.

With its compact scale, the Head Sculpture, Mini is ideal for shelves, consoles, side tables, or curated tabletop arrangements. Displayed alone, it offers a contemplative focal point, while paired with other sculptures from the series, it creates a subtle dialogue between form, proportion, and balance. Inspired by the understated elegance and mindfulness of Japanese aesthetics, it brings a sense of calm and refinement to contemporary interiors.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Inspired by the quiet beauty of simplicity, the Head Sculptures are reduced to their purest form, where soft curves and subtle proportions evoke the abstract silhouette of a neck and head without revealing any facial features. The minimal expression invites interpretation and reflection, allowing the sculptures to exist as calm and timeless presences within a space.

Crafted in refined Silver Travertine from the heart of Iran, each piece celebrates the natural depth and character of stone through delicate tonal variations, organic markings, and a tactile matte surface shaped patiently by nature over time. The muted silver-grey hues enhance the serene and sculptural quality, allowing the material to reveal its quiet authenticity and warmth.

Designed with slightly different silhouettes and gentle inclinations, the sculptures create a subtle dialogue when placed together, balancing stillness with movement and individuality with harmony. Whether displayed alone or as a pair, the Head Sculptures bring a contemplative and refined atmosphere into the interior, inspired by the understated elegance and mindfulness found in Japanese aesthetics.

Maintenance Guide Description

Silver Travertine is a natural stone, prized for its layered texture, subtle variations, and food-safe qualities. It can be enjoyed for both decorative purposes and serving. Clean regularly with a soft, damp cloth and mild, pH-neutral soap, then dry thoroughly to prevent water spots.

As travertine is porous, spills should be wiped away promptly to avoid staining, particularly from liquids such as wine, coffee, or oils. Avoid acidic or alkaline cleaners, vinegar, citrus, or abrasive pads, as these may etch or scratch the stone. For serving, use utensils with care and avoid cutting directly on the surface to preserve its finish.

With occasional sealing and mindful care, Silver Travertine will retain its natural depth, strength, and timeless beauty, enriching both everyday rituals and decorative settings.
