Tommy Hyldahl

Bow Console - Coffee Black Oak

Product Description

The Bow Console stands as a testament to timeless design, drawing inspiration from the architectural grandeur of ancient Roman aqueducts and the clarity of classical geometry. Its sequence of arches creates a rhythmic, sculptural silhouette that feels both grounded and light, balancing structural presence with refined elegance.

Crafted from FSC-certified American Red Oak, the console celebrates the quiet strength of a living material. The natural grain brings subtle character to the surface, while the hardwood's durability ensures stability for everyday use and a patina that deepens beautifully over time.

Finished in Coffee Black Oak, a profound dark brown that borders on black, the surface recalls oak aged to its deepest intensity. Beneath its shadowed tone lies a subtle warmth that adds depth and quiet sophistication to the sculptural form.

With its eight elongated legs, the Bow Console introduces a sense of architectural balance to a space. Placed in an entryway, it forms a striking first impression; behind a sofa, it creates structure and visual rhythm; and in living or dining areas it offers a refined surface for art objects, lighting, or collected pieces. Its sculptural presence makes it equally suited to contemporary homes and gallery-like interiors, where form and function meet.

Designer Description

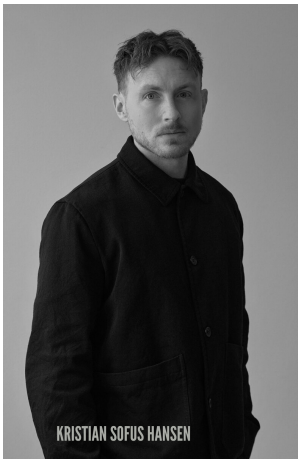

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

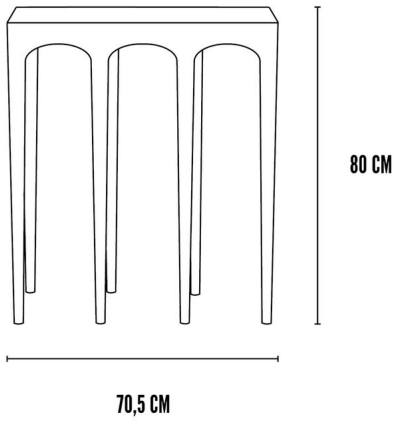

Bow Console - Coffee Black Oak

Family Description Text

The Bow Collection is a study in timeless geometry, where ancient echoes meet modern design. Inspired by the strength of Roman aqueducts and the quiet rhythm of repetition, each piece is both architectural and poetic.

Arches define its silhouette, sculptural yet refined, creating balance between presence and lightness. Cast in lightweight fiber concrete, the collection carries the impression of permanence while remaining unexpectedly mobile. Its surface is hand-painted, textured with depth, and crafted to endure.

The Bow Collection is more than furniture. It is architecture reimagined for the home, a dialogue between weight and grace, durability and elegance. A celebration of form that inspires not only through function, but through the poetry of design made to last.

Color Description

Coffee Black Oak is a profound, very dark brown that borders on black, recalling the richness of oak aged to its deepest intensity. With warmth hidden beneath its shadowed surface, it carries both strength and subtlety. This near-black shade speaks of quiet sophistication, timeless depth, and a natural elegance that grounds and enriches any setting.

Bow Console - Coffee Black Oak

Maintenance Guide Description

American Red Oak is a durable hardwood that matures beautifully, developing a rich patina over time. To maintain its character, dust surfaces regularly with a soft, dry cloth. For deeper cleaning, wipe gently with a slightly damp cloth in the direction of the grain, then dry immediately to prevent moisture from settling.

Avoid abrasive cleaners, silicone-based polishes, or excess water, as these can damage the surface or raise the grain. Protect oak with coasters, mats, or felt pads to prevent stains, scratches, and heat marks. Wipe spills promptly, and keep furniture away from direct sunlight, high humidity, or heat sources to prevent fading, cracking, or warping.

With mindful care, American Red Oak will preserve its natural strength and warmth, aging with quiet elegance and becoming richer in character over the years.

Materials Description

Our wooden furniture begins with American Red Oak a living material with a story in every grain. FSC-certified and responsibly sourced, this hardwood carries the quiet strength of the forests it comes from. Naturally resilient and long-lasting, it matures over time, developing a rich patina that speaks to years of use and care. Oak's tight grain and inherent strength make it ideal for everyday use, while its warm tones and textured surface add a grounded, refined beauty. It invites touch and wear, growing more personal with each passing year. We work with this wood respectfully, letting its natural stability guide sculptural forms bold lines, soft curves, and details that highlight its character.
