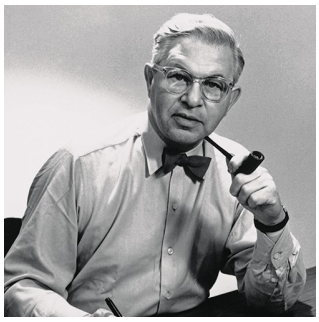
AJ OXFORD TABLE LAMP

AJ Oxford Table Lamp - 5744168627

This table lamp emits a pleasant downward directed light, which harmoniously illuminates the surface below it through the soft transparency of the three-layered mouth-blown opal glass. The variant without the top metal shade, the milky opal glass shade provides further glow to form an alluring halo around the fixture.



Arne Jacobsen

Arne Jacobsen was born and raised in Copenhagen. In 1927, he graduated as an architect from the Royal Danish Academy of Fine Arts in Copenhagen. After graduating, he obtained his first job at the office of the City Architect of Copenhagen launching his own office only two years later.
