

## Acorn series

Designed by 365° North, Denmark

---

The Acorn pendants and table lamps share an appealing, organic silhouette inspired by the characteristic shape of an acorn. These lamps are crafted from FSC®-certified oiled oak and feature shades made of white opal glass or semi-transparent fabric. The cord is cleverly incorporated into the design, resulting in a sleek and seamless look. The elegant contrasts of materials give the lamps a striking appearance, whether they are turned on or off. Designed by 365° North, a Danish design studio.

### Meet the designer

To me, design has to make sense. Shape, colour and choice of materials have to add up and make sense to each and every single design. Good design is functional, beautiful and easy to understand.
