## ***CARE GUIDE — NATURAL STONE***

### ***HOW TO CLEAN / POLISH***

#### ***MARBLE***

To get rid of dirt and dust, use a damp cloth to wipe down the item.  
If necessary, wipe the item dry with a soft dry cloth.

*(Marble cannot withstand acid or acidic detergents, such as vinegar. Make sure to wipe off any acidic and liquids spilled on the surface immediately, to avoid stains)*

#### ***TRAVERTINE***

To get rid of dirt and dust, use a soft cloth with warm water and wipe the item down with the cloth. Travertine is porous and can be difficult to clean after getting stained. Please avoid contact with coloured liquid. Do not cut food on the travertine directly. Do not put high temperature products on the travertine.

*(Travertine cannot withstand acid or acidic detergents, such as vinegar. Make sure to wipe off any acidic and liquids spilled on the surface immediately, to avoid stains)*

#### ***POWDER COATED STEEL***

To get rid of dirt and dust, mix a mild detergent with warm water.  
Dip a lint free cloth into the water & wipe the item down with the cloth.  
If necessary, wipe the item dry with a soft dry cloth.

*(Avoid scraping or rubbing the powder coating with an abrasive cloth that could damage or remove the coating from the surface)*

# *STORYTELLING*

## *CASTELLUM SIDE TABLE / BY HENRIK JOHANNES DRECKER*

The talented product designer, Henrik Johannes Drecker, has created the CASTELLUM side table, whose graceful sphere aligns the entire collection, originally inspired by the majestic Danish church Grundtvigs Kirke.

The divine expression of this design cultivates structure and simplicity in an unseen way. The CASTELLUM side table is a perfect focal point next to your living room sofa, or as a nightstand in the bedroom, to keep your belongings safe.
