English text

The Dot pendant is designed to create a cosy atmosphere in your home. It is inspired by perforated metal and the patterns the light creates when shining through the little holes. The contrast between the coarse perforated metal and the delicate glass, makes Dot both a simple and significant pendant. With its elegant expression, the pendant shine whether the light is on or off. Dot comes in three different sizes. Mix and match the sizes and combine heights in a cluster of pendants. Let the light shine through the perforated metal.

Danish text

Dot pendlen er designet til at skabe en afdæmpet og hjemlig atmosfære. Lampen er inspireret af perforeret metal og det mønster som lyset skaber, når det skinner igennem hullerne. Med sit elegante udtryk er lampen en moderne dekoration uanset om lyset er tændt eller slukket. Dot fås i tre forskellige størrelser. Bland og match størrelserne og kombiner højder for at skabe et personligt udtryk.
