English text

Kuppi means 'cup' in Finnish. The Kuppi wall light has been revamped while staying true to the original design from 2014. Two different sized metal cups form the lamp creating a minimalistic and sculptural lamp. The construction allows for easy movement and adjustment of the light, which makes Kuppi ideal as a bedside lamp or in the reading corner.

Danish text

Kuppi betyder kop på finsk. Væglampen er blevet relanceret, men forbliver tro mod det originale design fra 2014. De to metalskåle i forskellige størrelser formgiver lampen og skaber bløde og runder former. Konstruktionen gør det muligt at bevæge og justere lyset, hvilket gør Kuppi ideel som natlampe eller i læsehjørnet. Det enkle design giver lampen et minimalistisk og skulpturelt udtryk.
