Turn

Turn embodies uncompromising craftsmanship, its every component meticulously machined from solid metal stock. Like a finely honed instrument, a single touch reveals the weight and substance of brass, stainless steel, and aluminum—materials chosen not only for their durability but for their timeless, tactile elegance. Each interaction offers a moment of connection, a quiet celebration of precision and quality.

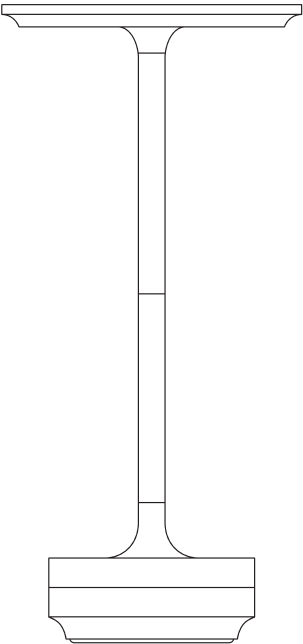

The lamp's allure lies in its seamless blend of sleek metallic form and the gentle warmth of its light. A soft touch on the shade transforms the atmosphere: from an intimate, candle-like flicker perfect for quiet evenings, to a cozy glow for dining, a focused brilliance for tasks, or a radiant light that fills the entire room. Its adaptability ensures it suits every occasion, every mood.

With an IP66 water resistance rating*, Turn is as versatile as it is beautiful, equally suited for serene moments in the bathroom, vibrant evenings on the patio, or adventures wherever life leads. Effortlessly adjust its brightness to craft the perfect ambiance and make every night your own.

*Protected against total dust ingress and powerful water jets from any direction.

Turn

Product Name	TURN / Stainless Steel		TURN / Brass	TURN / Aluminum BlackBlack
Product Code	TN001-01SS		TN001-01BS	TN001-01AB
Main Materials				
Main Body Base/Charger Stand	Stainless steel	Brass		Aluminum
Other	Polycarbonate, ABS, silicone rubber, etc.			
Surface Treatment				
Main Body Base/Charger Stand	No Coating	Clear coating		Anodizing (Black)
Dimensions (mm)	Outer diameter: 130	Height:275(Main body)		Height:285(Including charger stand)
Weight (g) (Main body)	1190	1240		530
Light Source	LED			
Color Rendering Index	Ra95 or more (All)			
Dimming Level	LOW	MID	HIGH	EXTRA HIGH
Power consumption (w)	0.1	0.5	1.2	3.5
Illuminance (lx)	16	140	400	1200
Color Temperature (k)	1800	2300	2400	2500
Battery Run Time (h)	150	38	12	5
Charging	USB charging : Approx. 6 hours			
Power Supply	Rechargeable lithium-ion battery, 3.6 V / 5100 mAh			
Waterproofing	IP66 equivalent* (Charger stand is not waterproof)			
	IP66 Indicates protection from dust and high-pressure water jets from any direction.			

* Thanks to widespread use of mobile devices, most people today already possess a USB-compatible AC adapter. So it is not provided with this product in order to reduce environmental impact. When using this product, have a DC5V/2A (or 2A or higher) USB-compatible AC adapter handy. Ambientec's optional AC adapter (Product Code: AMB-AC02) can also be used.

Nao Tamura is a designer in the most modern terms. Her talents cross-over cultures, languages, disciplines, concepts and styles with consistency of smart thinking always at the heart of their work. She is truly global inher insights and execution.

As a product of Tokyo and New York City creative communities, her solutions are equally at ease in the world of 2D and 3D, with an uncanny ability to find that emotional connection with the industry status-quo often insists upon. Her unique solutions are more than simply design and possess a rare balance of innovation and beauty.

Nao Tamura has also received a number of prestigious awards including: iF Design Award, Red Dot Design Award, Industrial Design Excellence Awards (Gold), Milano Salone Satellite Award (1st prize) and so on. <https://naotamura.com>
