

W CANDLE HOLDER

Inspired by brutalist architecture, W Candle Holder is a set of tilting columns colliding in sharp angles. Using different mathematical angles, the colliding point between columns has different heights, creating a strong graphic expression.

W Candle Holder comes in two colours, with holes for four candles. The candle holder is made of ceramic and as it is a hand glazed natural product, the colours may vary slightly.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 233037

Type: Candle Holder

Designer / Year of design:

Kristian Sofus Hansen & Tommy Hyldahl, 2022

Colour: Bone White

Material: Ceramic
