GHOST CEILING LAMP // ASSEMBLY INSTRUCTIONS

## ABOUT 101 COPENHAGEN

101 Copenhagen is a Danish design brand founded in 2017. With a vision to honor exquisite quality and craftsmanship, the collection encompasses furniture, lighting and accessories in a timeless, yet modern design. With a true passion for materials and refined textures, organic shapes and colours, 101 Copenhagen presents the epitome of classics and must-have novelties for Scandinavian and international interior connoisseurs alike.

## OUR CREATIVE DRIVE

The design of 101 Copenhagen is firmly rooted in the Scandinavian soil and nourished by Japanese minimalist aesthetics. Sharing an emphasis on quality materials, techniques and traditions, the meeting between the North and the East is notable in the holistic collections of 101 Copenhagen. The design approach is dynamic and characterised by freedom of expression - creating unique and timeless pieces without compromising on playfulness and individuality.

## OUR DESIGN TEAM

An attention to detail and a shared sense of aesthetics is what drives the two main designers of 101 Copenhagen, Tommy Hyldahl and Kristian Sofus Hansen. Merging their backgrounds and experiences from the fashion industry, the Royal Danish Academy of Fine Arts and travels in Japan respectively, a narrative of minimalist, sculptural and conceptual design is evident throughout the collections. Translating and transforming the simplistic inspiration from Japan in a Scandinavian context is all about honouring quality, heritage and materiality while never seizing to compromise on form and function. Trained as an architect, the third designer, Nicolaj Noddesbo, adds knowledge on innovative light solutions and timeless novelties to the 101 Copenhagen collections. 101 Copenhagen is a curated selection of tactile, bold objects standing out in a crowd and gathers as a whole.

**CONGRATULATIONS  
ON YOUR NEW PRODUCT FROM  
101 COPENHAGEN**

## IMPORTANT

---

Always shut off power to the circuit before starting installation work. In some countries electrical installation work may only be carried out by a authorised electrical contractor. Contact your local electricity authority for advice.

### SAFETY INSTRUCTIONS:

Please note the information contained in these instructions and save this manual, also when lamp is already mounted.

### GENERAL INSTRUCTIONS:

- Electrical connections may only be carried out by qualified staff.
- The manufactures do not accept responsibility for injuries or defects caused by improper use of this lamp.
- Attention! Before starting the installation, disconnect the power by turning off the circuit breaker, or by removing the fuse at the fuse box.
- Mind to use this lamp for its predetermined function. For example don't mount indoor lamps in outdoor areas.
- Please check all components are complete before installing.
- Don't cover the lamp.
- Don't connect the lamp to power and don't switch it on when it's in packing.
- Bulbs and transformers get very hot during operating. At improper use there is the risk of fire and by changing the bulb you can hurt yourself. Always let cool down!
- If the external flexible cable or cord is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- The maximal wattage shouldn't be exceeded (find the bulb symbol and the "max ... W" on rating label or on lamp).
- Do not mount the lamp on wet or conducting background.
- Make sure that the cables or cords don't get damaged during installation.
- The given main voltage (230V/50Hz) shall not be exceeded.
- Plug and connection elements must be free of tensile strength and torsion force.
- Don't touch bulbs with bare hands.

### MAINTENANCE INSTRUCTIONS:

- Before cleaning, disconnect the power by turning off the circuit breaker, or by removing the fuse at the fuse box.
- Mind to clean the surfaces of lamp only.
- Wetness shouldn't get in terminal box or to any conducting part.
- Before you start to clean let it cool down for 10 minutes!
- Cleaning with a soft dry cloth only.

### ADVICE FOR ENVIRONMENTAL CARE:

Don't put this article to normal domestic waste after the end of its lifecycle. You have to bring it to a staging area for electrical wastes. The materials are recyclable according to their specifications. With the correct recycling of these materials you can make a significant contribution to environmental protection. Ask your local authority for next staging area.

### CE MARKING:

By affixing the CE marking to a product, a manufacturer declares that the product meets all the legal requirements for CE marking and can be sold throughout the European Economic Area (EEA).

## TO ASSEMBLE THE LAMP

1. Lead the fabric cable from both sides into the cable connector. Please make sure the cable relief is tightened.

## ATTACHED DIRECTLY TO THE CEILING

1. Please mount the ceiling cup to the ceiling, with the screws and inner mounting plate following in the package. Please make sure it is fixated properly.

2. Turn right until the ceiling cup cover the mounting plate.

2.

## ATTACHED DIRECTLY TO THE CEILING WITH CABLE IN CEILING ROSE

1. Please mount the ceiling cup to the ceiling, with the screws and inner mounting plate following in the package. Please make sure it is fixated properly.

2. When the ceiling cup is attached to the ceiling, lead the fabric covered cable out of the hole in the ceiling cup and attached to the ceiling rose. Please make sure the cable relief is tightened.

3. Place the ceiling cup at the mounting plate and tighten with screws.
