

ASSEMBLY INSTRUCTIONS

Palati Large Hanging Shade

Item # S 5440EU

NOTICE:

This light fixture should be installed in accordance with all applicable, local installation codes, and by a person familiar with the construction and operation of it, as well as the hazards involved. Inspect item and contents carefully. If any damage or defect is found, do not install. Retain all packaging material until installation is complete and approved.

TOOLS REQUIRED (NOT INCLUDED):

Phillips Screwdriver

Slotted Screwdriver

Wire Cutters

Wire Strippers

1. Carefully remove all parts from the box. Place on a clean, soft surface.
2. Remove mounting plate **(B)** from canopy **(D)** by removing set screws **(E)** using screwdriver **(H)**.
3. Using the mounting plate **(B)** as a guide, line up with the ceiling and mark anchor positions.
4. Using a drill bit slightly smaller than the anchor, drill holes in the marked positions. Install anchors **(A)** into the holes using hammer.
5. Install mounting plate **(B)** to ceiling and secure with wood screws **(C)** to anchors **(A)**.
6. Feed the safety steel wires **(I)** through the small hole on canopy **(D)** and secure with the lock nuts **(G)**. (See Diagram 2)
7. Feed fixture wire through the center hole of canopy **(D)** and secure with set screw **(M)**. (See Diagram 2)
8. Cut excess wires, being sure to leave about **12"** to reach the terminal block **(F)**.
9. Remove outer housing of wire by making a neat cut all the way around. Once cut is made, Separate wires, and strip insulation on each 6 mm.
10. Twist all fixture wires together. Slip through center hole of mounting plate **(B)**.

NOTE: Untwist wires and separate to prepare for connection

ASSEMBLY INSTRUCTIONS

Palati Large Hanging Shade

Item # S 5440EU

NOTICE:

This light fixture should be installed in accordance with all applicable, local installation codes, and by a person familiar with the construction and operation of it, as well as the hazards involved. Inspect item and contents carefully. If any damage or defect is found, do not install. Retain all packaging material until installation is complete and approved.

11. Open terminal block (F) to prepare for installation of electrical wires. Use diagram 1 to reference electrical installation steps below.
12. Connect fixture ground (green) and supply ground (usually green or yellow) to terminal block (F) and secure with the screws.
NOTE: It is imperative that the fixture is grounded.
13. Connect neutral wires (blue) to terminal block (F) and secure with the screws.
14. Connect hot wires (brown) to terminal block (F) and secure with the screws. Then close terminal block (F).
CAUTION: Do not reverse the hot and neutral connections.
15. Install canopy (D) to mounting plate (B) by securing with set screws (E) using screwdriver (H).
16. Install diffuser (K) to fixture body (L).
17. Install light bulbs into sockets.

Care Instructions: Clean only with a soft dry cloth or feather duster. Do not use abrasive or chemical agents..
