

## Iconic Eyes

BERNHARD DESSECKER

The first sparkle of this great idea was inspired by iconic automotive headlights. They have been modified to design a grand pendant light with a classy, powerful impact for the foyer of the Bavarian National Museum in Germany. The light's oval design is modern with a classic touch. It generates a precious ambient glow enhanced by bright rings of light and is produced in two sizes. Glorious and breathtaking in appearance, it consists of numerous lenses and a constellation of LED lights.

---

### *Detailing*

Iconic Eyes consists of the characteristic headlights of a BMW MINI, which are placed in an oval shape and create an atmospheric glow.

## *Dimming & Lighting Control*

### *1-10V*

The luminaire is dimmable by using an either internally mounted or externally placed 1-10V dimmer switch. 1-10V is a dimming system widely used in some parts of the world, for example in North-America. This method will need its own wiring. Dimming quality is perfect, without flicker, the range can be limited and the luminaire cannot be dimmed to off. To turn off the luminaire a switch is needed.

Compatible models: Iconic Eyes 161 CE, Iconic Eyes 161 UL, Iconic Eyes 85 CE, Iconic Eyes 85 UL
