

Oop's 2
INGO MAURER & TEAM 2019

Paper once again sets the tone for the small OOP'S 2 wall light; natural, sustainable and elegant. The 300 gsm paper comes from the Gmund handmade paper mill. The filigree paper light can be attached to the wall in just a few simple steps. The colourless cable with integrated dimmer switch enhances the spontaneity of this lamp. The concealed light source can be replaced by the user. Thanks to its versatility, it is not only suitable for use in the home, but also in all other cosily designed areas.

Light source

Supplied without light source. GU10 socket, max. 10 W LED, suitable for dimmable light sources of energy efficiency classes EEC A-G, they can be replaced by the user.
