#### Cleaning instructions

##### Oiled wood

For daily care, dust oiled furniture with a soft dry cloth. Cleaning can be done using a soft cloth wrung in lukewarm water following the wood grain and dried immediately with a dry cloth following the wood grains. For more severe cleaning a soap specifically developed for oiled wood can be used. Follow the instructions on the packaging of the cleaning product. To maintain the look and silky feeling of oiled wood, regular re-oiling is recommended. Re-oiling should be done when the wood starts to appear dry or faded.

##### Lacquered wood

For daily care it is recommended to dust the furniture with a soft cloth. Lacquered wood can be cleaned with a soft cloth wrung in a mild solution of lukewarm water and a universal cleaning detergent. Always follow the wood grains and always dry with a soft dry cloth immediately after cleaning. Avoid use of abrasive cleaning agents and aggressive cleaning detergents as this will damage the surface of the lacquered wood.

#### Step 1

Flip the table top upside down on a soft, flat surface.  
Place the legs in the appointed holes and fasten clockwise.

#### Step 2

Flip the table around and place carefully on the floor.
