## Technical information:

|                                    |                            |
|------------------------------------|----------------------------|
| Installation:                      | Ground                     |
| Material:                          | Stainless steel AISI316L   |
| Finish:                            | Grey anthracite RAL 7021   |
| Diffuser type:                     | Transparent glass          |
| Optics:                            | 45°                        |
| Lamp type:                         | LED                        |
| Energy performance class:          | G                          |
| Colour temperature:                | 4000K                      |
| CRI:                               | >90                        |
| LB Factor:                         | L80B20 - 100.000h          |
| Step MacAdam:                      | 3                          |
| Photobiological risk:              | RG1                        |
| Power consumption (Watt):          | 2                          |
| Lumen:                             | 150                        |
| Real Lumen:                        | 147                        |
| Power supply:                      | ⊗ not included             |
| LED:                               | 24V                        |
| Insulation class:                  | ⬡ CL.III                   |
| Power cable:                       | 1.50 m H05RN-F 2x0.75      |
| Type of protection:                | <b>IP 67</b>               |
| Resistance to breakage:            | <b>IK 07 2J xx5</b>        |
| Standards and Marks of Conformity: | CE UK ENEC                 |
| Additional features:               | Temp. max on diffuser 65°C |

Optic D not available for Honeycomb version.
