

TRUMPET TABLE LOW

The Trumpet Table, inspired by the bold aesthetics of the 1970s, combines clean geometric forms with a striking trumpet-shaped silhouette. Crafted entirely in glass, it features a smooth, circular tabletop and elegantly flared base, creating a sense of lightness and fluidity. The table's glossy surface subtly catches and reflects light, adding warmth and visual depth, making it an eye-catching piece in any space. Available in two unique colors, Smoked Forest is a transparent dark colour with a slight hint of green. Smoked Desert features a unique warm grey color tone with a translucency that almost imitates a fog-like appearance, its versatile design makes the Trumpet an ideal statement for a variety of settings, from living rooms and bedrooms to hotel suites, restaurants, and bars. Each Trumpet Table is meticulously formed from mouth-blown glass, where the material is heated to 1500 degrees before being shaped inside a custom mould. Air is then blown into the glass to achieve the iconic trumpet form, and afterwards taken out of the mould to place inside an oven for tempering. Finally the base is cut to stand even on a the floor and the inner surface is spray painted to achieve the signature colour. This beautifully crafted glass table is mounted onto a wooden base with internal metal support, enhancing both stability and durability. The Trumpet Table's sculptural presence and high-quality craftsmanship make it an elegant yet playful addition to both residential and commercial interiors, celebrating modern simplicity.
