Sculptural statement lamp

Superpose is the name of a new sculptural statement lamp by designer Frederik Kurzweg for Normann Copenhagen. The lamp consists of three bent and rounded, perforated steel sheets, which are concentrically arranged around each other, shifted at a precise 180-degree angle. Through the superimposition of the geometrical shapes it forms an impressive, sculptural appearance that changes with the viewer's position.

Collection Overview

Superpose lamp
H: 53 x L: 30 x D: 30 cm

Product Facts EU

Description

Through the superimposition of the geometrical shapes, it forms an impressive, sculptural appearance that changes with the viewer's position. The Superpose lamp shines a soft light outwards and a direct light downwards while its perforated pattern casts lively shadows on its surroundings.

Designer / Year Of Design

Frederik Kurzweg / 2020

Material

White powder coated steel

Construction

The lamp consists of three bent and rounded, perforated steel sheets with a white powder coating. The sheets are concentrically arranged around each other, shifted at a precise 180-degree angle.

Cord

Comes with a 4 m textile cord in white.

Canopy:

Canopy in metal is included

Maintenance

Clean with damp cloth. Avoid use of all-purpose cleaners and other degreasing detergents. ►

normann
