

Anoli 13

The cluster pendants consist of multiple pendants arranged in sculptural compositions, each featuring a slender body in powder coated with a hand-blown glass diffuser in opal white or transparent gold. The opal diffuser provides a soft, all-round illumination, while the transparent gold glass creates a more decorative, reflective light. Each diffuser uses a centrally positioned E14 light source within the glass.

Designed by **Sofie Refer**

Product no. 2011005 - nordic gold / gold
black textile cord
2011006 - nordic gold / opal
white textile cord

Materials Metal / Glass / Fabric
