

THE ANOLI COLLECTION

Anoli 1 Small

The pendant consists of a slender pendant body in powder coated metal with a drop-shaped diffuser in hand-blown glass. Available with either an opal white or transparent gold glass finish, the opal diffuser provides a soft, all-round light, while the transparent gold creates a more decorative, reflective glow. Designed for ceiling mounting as single pendants or in clusters. Each diffuser uses a centrally positioned E14 light source within the glass.
