

THE APIALES COLLECTION

Apiales 9 Ceiling

The ceiling range includes ceiling chandeliers and plafonds with refined metal structures and globe-shaped diffusers in hand-blown glass. The ceiling chandelier features multiple linear arms extending from a central ceiling plate and is available in opal white, optic gold, or optic smoked glass, providing soft, all-round or decorative light. The plafond features a compact circular ceiling plate with closely arranged glass diffusers, creating a condensed, decorative lighting effect. All fixtures are designed for direct ceiling mounting and use centrally positioned G9 light sources.
