

Apiales 9

The chandelier consists of a linear stem from which multiple arms unfold, crafted in anodized metal. Each arm is fitted with a globe-shaped diffuser in opal white, optic gold, or optic smoked hand-blown glass. The opal white diffuser provides a soft, all-round light whereas the optic provides a more decorative light. The chandelier is suspended by a textile cord and designed for ceiling mounting. Each diffuser uses a single centrally positioned G9 light source within the glass.

Designed by **Sofie Refer**
