

THE APIALES COLLECTION

Apiales Wall

The wall lamp consists of a circular wall plate with a slender metal arm supporting a globe-shaped diffuser in mouth-blown opal glass. The opal diffuser provides a soft, all-round illumination, creating a warm and inviting glow. Available in brushed brass or satin black finishes, the fixture is designed for wall mounting and is offered as both standard and hard-wired versions. It uses a single centrally positioned G9 light source within the glass.
